Try making up your own patterns!

- Always start by saying each line aloud
- Pluck each line in violin and guitar position
- Say the notes as you are plucking them
- THEN use your bow

is Down Bow (Start at Frog)

Is Up Bow (Start at Tip)

When changing strings, make sure that you're rolled all the way to the next string before pulling or pushing the bow.

Try using a full bow, all the way from the frog to the tip, and vice-versa. Practice keeping an even tone while not touching the other strings.

Change up your speed! Try super slow, all the to super fast!
